INVESTMENT MANAGER SIGNATORY DECLARATION

As institutional investors, we have a duty to act in the best long-term interests of our beneficiaries. In this fiduciary role, we recognise that environmental, social, and corporate governance (ESG) issues can affect the performance of investment portfolios (to varying degrees across companies, sectors, regions, and asset classes over time). We also recognise that applying the Principles of Responsible Investment (Principles) may better align investors with broader objectives of society.

Therefore, where consistent with our fiduciary responsibilities and practicable within an asset class, Tyndaris LLP commits to the following:

- to consider ESG issues in our investment analysis and decision-making processes;
- to be an active owner and in due course to incorporate ESG issues into our ownership policies and practices;
- to seek appropriate disclosure on ESG issues by the entities in which we invest;
- to promote acceptance and implementation of the Principles within the investment industry;
- to work with the PRI Secretariat and other signatories, as invited, to enhance their effectiveness in implementing the Principles; and
- to report on our activities and progress towards implementing the Principles.

By signing this letter Tyndaris LLP agrees to pay the annual fee and commits to completing the PRI Reporting Framework on an annual basis.

Tyndaris LLP confirms its AUM as at 31 December 2018 is c. \$1.132 bn EUR.
